This spring has been marked with times of rest, reflection, retreats, and rejuvenation! It has been an encouraging time as some of our staff has been able to get away for a time of rest. However, in all of these times of reflection, what still remains at the forefront are the changes we see happening in our young moms! The joy we see in the girls and their children is something to behold. To hear a child singing in the playroom as he plays with his toys in a beautiful, quiet, and safe home, free from chaos brings tears to our eyes. The physical difference we see in the girls after living in the home is also something beautiful to behold. It has been a wonderful spring as we look forward to what God has in store for us!

A Few Words from Holly Haneke

Dear GraceSon Supporters,

Because of each and every one of you, these young moms and their children are truly experiencing Christ's love and compassion in action. It is in community that compassion is revealed. The compassionate life is a life in community, letting go of individualism and self-ambition, but rather in humility, looking to the interest of others above your own. We witness to God's compassionate presence in the world by the way we live and work together. This is what I see in the community that has supported these young moms and their children, people willing to step out of comfort in order to journey with those who suffer. Whatever you have shared with GraceSon whether it's your resources, time or gifts and abilities, we thank you for choosing to walk the compassionate way, and as a result lives are being changed.

Exciting News!

An update on Analeah and Gabriella:

Analeah is an amazing girl who is doing great things! She has completed and received a certificate for her scheduled parenting class and she is continuing to be compliant with her ongoing permanency case. Emotionally and spiritually she is maturing incredibly and delving into the Bible each day on her own. She is a different girl today than the one who walked through our doors in December. Gabriella even called her Mommy for the first time on their date at the park a few weeks ago. God is moving in great ways in this girl's life!

"For I know the plans I have for you," declares the Lord, "plans to prosper you and not harm you, plans to give you hope and a future." Jeremiah 29:11
